

PREMIERE IN HUNGARY

1st chondrotissue[®] congress in Budapest on 20th November

The **first Hungarian chondrotissue[®] congress** will take place in **Budapest** on **Friday, 20th November 2015**.

chondrotissue[®] is BioTissue's number one implant for articular cartilage repair. It was implanted in **over 5000 patients** worldwide and was clinically shown to repair injured cartilage in the joints.

The first Hungarian chondrotissue[®] congress is the perfect match between scientific and practical works. In a **one-day program**, Hungarian and international orthopedists will report on the **latest clinical outcomes** and will then involve the audience in a **training session** on arthroscopic surgical implantation techniques.

The **congress program** is available [here](#)

If you wish to attend this congress please **contact** BeWeGe Medical at phone no. +36 304030 990.

See you in Budapest!
